More details

This year's theme is **My art is my voice**

This year's arts and crafts competition is designed to celebrate the voice of the children, young people and adults we support.

This year's theme encourages you, the artists, to explore and express the power of your voice through any form of art about:

- Something or someone that helps you be heard, have a voice and be empowered to make decisions about your life.
- Something special or unique to you, a special topic, subject, object, person, people, community or place that helps you to have a voice.
- Something that you would like others to hear and take note of.
- Something that can inspire and empower others.

By creating visually captivating art pieces, participants will have the opportunity to showcase their artistic skills, creativity and personal narratives.
